BOSTON, Dec. 9.—The Commercial
Bulletin tomorrow will say:

Victory notes were the only United States war flotations to show gains at the close of the session, all Liberty issues giving way to further profit-

Foreign bonds also were moderately lower, United Kingdoms reacting to the uncertain developments in the Irish situation. Gains among domestic rails were balanced by renewals, especially in convertible issues. Total sales, par value, \$18,650,-000.

### CHICAGO BOARD

CHICAGO BOARD

CHICAGO, Dec. 9—European buying on a large scale, although devoted mostly to Canadian offerings had a bullish influence today on the wheat market here. Prices closed firm 1/2 to 1/4c net higher with May 3.15 to 1.15½ and July 1.03½ to 1.03%. Corn finished %c off to a shade advance and oats unchanged to 1/2 t timent, and tended to make pit shorts run to cover, especially near the end of the session. Earlier, however, upturns in price led to much profit taking by longs. The chief factor which induced a willingness to realize on holdings was knowledge that receipts at Minneapolis and Kansas City today appeared sufficient to assure at least for the present a plentiful supply to domestic consumers.

Corn and oats were steadied by the relative firmness of wheat. Besides export demand for corn continued on a fairly liberal scale.

Provisions averaged higher with hogs.

trade reports this week are the signs of increased activity in retail trade due to the stimulus of holiday buydue to the stimulus of holiday buying the country over and seasonal
weather in Northern, Eastern and
Western areas against which is to be
noted a further seasonal quieting
down of business of jobbers and
wholesalers who, approaching the
inventory period, are indisposed to
assume new committments. Even
in the matter of retail buying however, there are irregularities visible,
large department stores advertising
freely finding destribution better do small retailers in general. As a whole, holiday trade in money

## BUSY SESSION IS HELD BY THE TOWN

TEMPE, Dec. 9-The common coun cil met in regular session in the city hall Thursday evening at 7:30 and the program.

shortage of funds, the matter was laid by for the time being.

The proposition of changing the Tempe parking system from the curb to the center of the street was dis-cussed by Frank Fogal, City Marshal the council, but no discussion was

City Attorney D. A. Windes was instructed to negotiate with Twohy Bros., on behalf of the town of Tempe in the matter of fixing a price for the sand and gravel taken from the town property in the river bed north of Tempe butte.

An agreement was reached between C. H. Paulk, representing the South Side Gas and Electric company, and the council, whereby the electric company will be able to take care of any new service which may be needed by

the people of the town.

Various claims against the town
for November were audited and approved for payment, Sewer assessments for the period ending January 1, 1922, should be paid on or before that date,

Owners of vicious dogs kept within the city limits of Tempe are kindly urged to keep the dogs within their own premises. Further failure to do so will result in a visit from the city marshal. The town clerk requests that you

call the town offices in case our garbage has been overlooked. The garbage wagon goes around on Monday, Tuesday Friday and Saturday.

It was voted to readvertise the sale of \$135,000 municipal coupon bends of Tempe, same being set for January 6, 1922.

The leaves that have fallen from the trees into the irrigating ditches are causing a good deal of trouble with the irrigating water, especially where to Gilbert soon. the irrigating water, especially whe tiling has been put in the ditches. D. 4. bb of the digging force and hear them say, "We got across, but we had the devil's own time about it." The paving at that point was sup-posed to be six inches thick. The sections on display are a half inch

thicker than that. The so-called nine-inch shoulder is more nearly 10-inch. The character of the subgrade at that point is shown in the fact that the under side of the section is almost as smooth as the surface. An attempt had been made to re-move the concrete with a pick. But that merely scarred the surface and did not make much of a scar either. Then a hole of an inch and a half was drilled through. The drill went through cement and river boulders the other. There was not the slightest chipping; the hole is as smooth as if it had been bored through iron Ashma makes me leave. 4J2, owner.
